Marhsall and Frankenmuth Funding Swap
Proposal for Small Urban funding swap between Marshall and Frankenmuth
Background Information

The Marshall project is JN 215364 and currently programmed for FY 2026 and could be re-program for FY 2027.

The Frankenmuth project is JN 225468 and currently programmed for FY 2027 with Advance Construct in FY 2026.

The JN 225468 Frankenmuth project will be ready to obligate in FY 2026 if it is being planned for AC in FY 2026.

To make this switch, there is a discrepancy in the federal funding that needs to be resolved – FY 2026 has a federal amount for $385,000 and FY 2027 is increased to $420,000.

The Marshall project would have to move into FY 2027 at $385,000 in federal funds. The Frankenmuth project can move from FY 2027 to FY 2026 but only for $385,000 – the other $35,000 would need to stay attached to FY 2027 funding – which can be AC'd into FY 2026 though.

Frankenmuth would use the $385,000 of '26' funds and only need to AC $35,000 from '27.

This would be a one-time switch. Marshall would continue the even-year cycle and Frankenmuth remains on the odd year cycle after this.

Proposal agreed upon by Marshall and Frankenmuth

Motion made by King, supported by Rangel, to approve the attached Jobnet project Report/including the 2026-2029 TIP Amendments/Modifications discussions at the meeting as presented.

Ayes all. Opposed none. Motion carried.

B. Use of Cash Match in the Development of the FY 27 UPWP (Action)

Motion made by Hornak, and supported by Bayus, to use cash match in the development of the 2026 UWP.

Ayes all. Opposed none. Motion carried.

C. Other - none

D. Next meeting March 19, 2026, 10:00 a.m. at the SATA office.

IX. **ADOURMENT**

There being no further SATA Technical Committee business meeting adjourned by Chair Nick Hornak at 10:27 a.m.
